

Welcome

Welcome to San Antonio and the 15th Annual Rhythm Bones Festival. This year's festival features a wonderful, historic hotel with meeting rooms downstairs, the famed San Antonio Riverwalk nearby, the Texas Folklife Festival, and the area's local tourist attractions for our enjoyment.

There will be as many hours as you wish of jamming time on Thursday, Friday and Saturday nights, 3-4 hours of scheduled jamming and workshop times on Friday and Saturday afternoon, and about 9.5 hours of scheduled performances in the Alamo Compound and the Texas Folklife Festival.

We have outstanding musical performers for "live" music in addition to our CD's, MP3 Players, and IPods; a tour of the Alamo; an I-Max movie; and a dinner cruise on the San Antonio River through the Riverwalk.

Enjoy San Antonio and Bones Fest XV.
